

## Register today for **EPSON Robots Certified Training**

Why participate in **EPSON Robots** training now?

- Reduce development time by learning how to use key time saving features
- Learn cycle time optimizing methods
- Learn to do your own Robot Maintenance
- Learn troubleshooting techniques to save time and money

Save money now by having your professionals trained to quickly and accurately respond to today's high-speed production demands.

We make it easy by offering a concise variety of classes on these topics:

- EPSON RC+ Programming
- Vision Guide Programming
- Robot & Controller Maintenance

We make it easy by giving you a better training value with advanced topics covered in every class.

Robot & Vision customers receive a \$750 training credit expiring 12 months after robot shipment \*. Don't let your training credit expire, register for classes today.

All regular course tuition prices are \$1295.00 or less per class. Please visit our website for current training schedule information or phone 562.290.5990.

Customer onsite training is also available, please call 562.290.5951.

\* Training credits may not be combined or used for onsite training classes.
